

Maple Valley Farm

- Sponsoring farm for the member-owned partnership
- Family owned
- Raises breeding stock using beyond-organic practices
- Provides livestock for finishing and slaughter by partners
- Provides land and facilities for finishing and slaughter
- Provides learning environment for non-profit educational programs

- Provide partners with annual allotment of the highest quality meat.
- Provide partners with the convenience of fewer trips to farmer's markets and stores throughout the year.
- Give partners a real ownership stake in a revolutionary food distribution model that supports consumer choice, environmental stewardship, farm sustainability, community, health and animal welfare.

Harvest Partners LLLP

- Member-owned (structured as an LLLP)
- Purchases ready-to-finish and ready-to-slaughter livestock from sponsoring farm
- Finishes, processes and distributes livestock to the partners
- Uses land and processing facilities from farm
- Provides general management for activities of the group

Agrarian Institute

- Structured as a 501(c)(3)
- Provides educational and experiential events to the wider community
- Focuses on Agrarian concepts of economy, family and environmental stewardship
- Uses farm facilities and partnership activities to perform its mission
- Raises donations and procures grants to offset the expenses of its educational mission
