All Products are for the 2012 Season

Grassfed Beef

Cows are raised and finished on pasture. As we continue to grow our herd, we also provide beef raised by our partners in Greene County. They are moved to fresh grass daily.

Total quantity of beef in each package varies based on the finished weight of the cow. Price is based on live weight, which ranges 800-1100 pounds. Meat yield is about 55% of live weight. For more information about choosing beef, consult our beef ordering guide on our website.

A deposit is due at order and the remainder is due when the beef is ready. Beef will be ready at regular intervals in summer and fall 2012. All prices include standard processing. Special requests/cuts may require additional charge.

- Whole beef (cut to your specifications) -- \$300 deposit; \$2.15 per pound live weight (cost is total live weight)
Half Beef (cut to your specifications) -- \$250 deposit; \$2.35 per pound live weight (cost is 1/2 of live weight)
Quarter Beef (cuts coordinated with other quarter) -- \$200 deposit; \$2.60 per pound live weight (cost is 1/4th of live weight)
Eighth Beef (large package of steaks, roasts, ground, stew) - \$100 deposit; \$2.80 per pound live weight (cost is 1/8th of live weight)
Beef Pack (small package of steaks, roasts, ground, stew; sixteenth of beef) - \$50 deposit; \$3 per pound live weight (cost is 1/16th of live weight)

Lambs are raised and finished on pasture with nothing added. They are moved to fresh grass daily. Weights range approximately 70-90 pounds. Price included state-inspected processing. On-farm pick-up summer-fall.

Silver Fox (a heritage breed), New Zealand, and Californian rabbits are fed hay and an alfalfa-based pellet. We are continuing to refine our rabbit production process. Rabbit will be posted on our Facebook page on a rolling basis as it becomes available. Let us know if you'd like to be on a waiting list for rabbit.
